APW Wyott's Speed Ship Program is the fastest way to ship our top selling cooking, food warming, and toasting equipment directly from our warehouse to your operation. The shipment will leave our warehouse within 2 shipping days after you place your order. Items in the pricebook highlighted in red are quick ship items.

Orders on Speed Ship products sent in by 12:00 noon Central Time will be shipped within the next 2 shipping days. (Received on Monday...will go out by that Wednesday or sooner)

Enhanced Warranty Plan

APW Wyott has some of the most reliable products on the market. When issues arise at your operation, we have some of the fastest service response levels in the industry.

Easy Design Resources

APW Wyott designs and specifications can be easily accessed on data systems including Autoquotes and KCL CAD Library. You can also access our price list, manuals, and spec sheets available on our website at www.apwwyott.com.

APW Wyott continues to be your global source for a variety of foodservice equipment solutions. APW Wyott also provides outstanding cooking and holding solutions at our other brands, Bakers Pride and Bevles/BKI. APW Wyott, Bevles/BKI, and Bakers Pride are now a part of the Standex Food Service Equipment Group. Champion CharBroiler Line

Champion CharBroilers are known for their Durability, Versatility and Exceptional performance. Tough steel exterior and interior construction is welded together to form one of the most “worry free” CharBroilers on the market...backed by our Three Year Guarantee. Each model is available with an array of options...Radiants or CharRocks, a variety of grates and sizes up to 48”. No competitive broiler tops the BTU power available in the Champion line!

1

COOKLINE

Gas Radiant Charbroilers

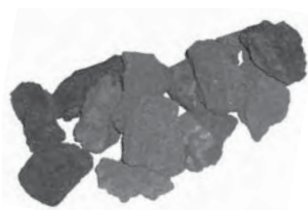

Gas Radiant CharBroilers now feature all new heat dials that turn a full 180 degrees for ultimate control! Constructed of welded stainless and aluminized steel with heavy-duty stainless radiants. One of the highest BTU ratings in the industry. Easy clean-up. Field convertible gas regulators. Additional charge may apply for high altitude versions or some types of manufactured gases (i.e. town gas, etc.) Contact factory. CE models include safety pilot. Cannot ship UPS. If shipping via air freight, dimensional weights apply. **FOB Cheyenne**, freight class 85.

MODEL	BTU	RADIANTS	DIMENSIONS	LBS	PRICE
GCB-18H	60,000	3	15 5/8"H x 18"W x 26 3/4"D	96	1,628.00
GCB-24H	80,000	4	15 5/8"H x 24"W x 26 3/4"D	122	1,866.00
GCB-36H	120,000	6	15 5/8"H x 36"W x 26 3/4"D	174	2,580.00
GCB-48H	160,000	8	15 5/8"H x 48"W x 26 3/4"D	226	3,576.00
CE Models for Export					
GCB-18H (safety pilot)	60,000	3	15 5/8"H x 18"W x 26 3/4"D	96	1,850.00
GCB-24H (safety pilot)	80,000	4	15 5/8"H x 24"W x 26 3/4"D	122	2,120.00
GCB-36H (2 safety pilots)	120,000	6	15 5/8"H x 36"W x 26 3/4"D	174	2,830.00
GCB-48H (2 safety pilots)	160,000	8	15 5/8"H x 48"W x 26 3/4"D	227	4,060.00

Radiant Advantages:

- 1) Provides a more “even heat” pattern across grill surface.
- 2) Easier to maintain and clean.
- 3) Less “flare-ups” in the broiling process.

Gas CharRock Broilers

Gas CharRock Broilers now feature all new heat dials that turn a full 180 degrees for ultimate control! All stainless and aluminized steel construction. Cast iron rock holder under grates. Each unit is shipped with a supply of lava rocks. One of the highest BTU ratings in the industry. Field convertible gas regulators. Added charge may apply for high altitude versions or some types of manufactured gases (i.e. town gas, etc.) Contact factory. CE models include safety pilot. Cannot ship UPS. If shipping air freight, dimensional weights apply. **FOB Cheyenne**, freight class 85.

MODEL	BTU	DIMENSIONS	LBS	PRICE
GCRB-18H	60,000	15 5/8"H x 18"W x 26 3/4"D	115	1,240.00
GCRB-24H	80,000	15 5/8"H x 24"W x 26 3/4"D	148	1,338.00
GCRB-36H	120,000	15 5/8"H x 36"W x 26 3/4"D	203	1,850.00
GCRB-48H	160,000	15 5/8"H x 48"W x 26 3/4"D	270	2,576.00
CE Models for Export				
GCRB-18H (safety pilot)	60,000	15 5/8"H x 18"W x 26 3/4"D	115	1,458.00
GCRB-24H (safety pilot)	80,000	15 5/8"H x 24"W x 26 3/4"D	148	1,556.00
GCRB-36H (2 safety pilots)	120,000	15 5/8"H x 36"W x 26 3/4"D	203	2,080.00
GCRB-48H (2 safety pilots)	160,000	15 5/8"H x 48"W x 26 3/4"D	270	3,060.00

CE Models for Export

GCRB-18H-CE	60,000	15 5/8"H x 18"W x 26 3/4"D	115	1,458.00
GCRB-24H-CE	80,000	15 5/8"H x 24"W x 26 3/4"D	148	1,556.00
GCRB-36H-CE	120,000	15 5/8"H x 36"W x 26 3/4"D	263	2,080.00
GCRB-48H-CE	160,000	15 5/8"H x 48"W x 26 3/4"D	270	3,060.00

CharRock Advantages:

- 1) CharRocks build “visual excitement” with more flames and smoke.
- 2) Adds back flavor with sizzle of drippings from meats.

Champion Griddle Line

Thermostatic Gas Griddles

Gas Griddles now feature all new heat dials that turn a full 210 degrees for ultimate control! Snap action controls with no electrical cord required. 3/4" griddle plate and a mechanical modulating valve/thermostat for maximum cooking control. 4" grease trough accepts full-sized spatulas. Welded stainless and aluminized steel, construction and 4" adjustable legs. Griddle plate is continuously welded to base. Field convertible gas regulators. CE models include safety pilot. Cannot ship UPS. If shipping via air freight, dimensional weights apply. **FOB Cheyenne**, freight class 85.

Snap Action Controls!

*No electrical required!

MODEL	BTU	DIMENSIONS	LBS	PRICE

GGT-48H (2 safety pilots)	100,000	15 1/2"H x 48"W x 26 3/4"D	350	3,792.00

CE Models for Export

GGT-18H-CE	37,500	15 1/2"H x 18"W x 26 3/4"D	160	1,880.00
GGT-24H-CE	50,000	15 1/2"H x 24"W x 26 3/4"D	223	2,572.00
GGT-36H-CE	75,000	15 1/2"H x 36"W x 26 3/4"D	306	3,256.00
GGT-48H-CE	100,000	15 1/2"H x 48"W x 26 3/4"D	350	3,792.00

Thermostatic Control Advantages:

- 1) Senses temperature on plate and regulates heat.
- 2) Ideal for cooking a variety of products in different temperatures zones.

Manual Gas Griddles

Manual Gas Griddles now feature all new heat dials that turn a full 180 degrees for ultimate control! 3/4" flat polished steel griddle plate, full 4" grease trough and shut-off valve, welded stainless and aluminized steel construction and 4" adjustable legs. Griddle plate is continuously welded. Field convertible gas regulators. CE models include safety pilot. Cannot ship UPS. If shipping via air freight, dimensional weights apply. **FOB Cheyenne**, freight class 85.

MODEL	BTU	DIMENSIONS	LBS	PRICE
GGM-18H	37,500	15 1/2"H x 18"W x 26 3/4"D	168	1,038.00
GGM-24H	50,000	15 1/2"H x 24"W x 26 3/4"D	214	1,220.00
GGM-36H	75,000	15 1/2"H x 36"W x 26 3/4"D	306	1,570.00
GGM-48H	100,000	15 1/2"H x 48"W x 26 3/4"D	350	2,120.00
GGM-18H (safety pilot)	37,500	15 1/2"H x 18"W x 26 3/4"D	168	1,248.00
GGM-24H (safety pilot)	50,000	15 1/2"H x 24"W x 26 3/4"D	214	1,464.00
GGM-36H (2 safety pilots)	75,000	15 1/2"H x 36"W x 26 3/4"D	306	1,816.00
GGM-48H (2 safety pilots)	100,000	15 1/2"H x 48"W x 26 3/4"D	350	2,588.00

CE Models for Export

GGM-18H-CE	37,500	15 1/2"H x 18"W x 26 3/4"D	168	1,248.00
GGM-24H-CE	50,000	15 1/2"H x 24"W x 26 3/4"D	214	1,464.00
GGM-36H-CE	75,000	15 1/2"H x 36"W x 26 3/4"D	306	1,816.00
GGM-48H-CE	100,000	15 1/2"H x 48"W x 26 3/4"D	350	2,588.00

Manual Control Advantages:

- 1) Great for High Heat
- 2) Highest BTU's drive fast temperature recoveries under heavy loads.
- 3) Needs "experienced cook" to manually control cooking zones.

Electric Griddles

Electric Griddles feature a 3/4" griddle plate, electronic snap action controls, welded stainless and aluminized steel construction and 4" adjustable legs. Griddle plate is continuously welded. Single phase is standard; field convertible to three phase. Available in 208/240V and 220V. Cannot ship UPS. If shipping via air freight, dimensional weights apply. **FOB Cheyenne**, freight class 100.

X*WAV™ Radiant Conveyor Toaster

X*WAV Radiant Pass Through Toaster use a series of cutting edge controls and infrared heat systems that are focused at your food, delivering an extreme level of heat energy for broiling, toasting, baking, and warming. The X*WAV heat system is a concentrated, pre-focused source of radiant energy that consistently sends infrared waves evenly toward the conveyor belt at both high a low temperature levels. The X*WAV ceramic heat system has over 31% more efficiency in its infrared energy vs. quartz based units. Maximum infrared efficiency is 96%! The X*WAV conveyor belt direction can be easily reversed with the switch on the side of the conveyor.

Portable Display Warmers

C*Radiant Countertop Fry Holding Stations

The C*Radiant CFHS line is designed to provide the most effective "top and bottom" heat to keep Fried Foods at the optimum temperature over a longer period of time. The C*Radiant CFHS line includes 21" wide and 16" wide portable models. Top Heat is provided by a system of ceramic heaters that efficiently heat foods without continuing to cook them. Thermostatically controlled heated base provides uniform holding temperatures from below. Two 40 Watt coated bulbs light up the bin area, making an attractive display of product. Perforated Bin is included in both. The C*Radiant CFHS-21 includes a standard Fry Bag Holding Ribbon. If shipping via air freight, dimensional weights apply. **FOB Dallas, freight class 92 1/2.**

Hot Dog & Bun Systems

APW Wyott is leading the way on innovative ideas with Roller Grills.

TRU-Turn Roller system

- New TRU-Turn “non-stick” surface with enough “grabbing texture” to turn “hard to turn” Roll-type products.
- TRU-Turn Roller design that allows hot dogs and roll products to “nestle” in between the rollers for a more thorough heat coverage.
- Tru-Seal Teflon seals keep interior motors and gears free of migrating grease.

TRU-Heat System

- The most consistent heat pattern on the rollers for “left to right” and from “front to back”...APW Wyott roller grills have less than a 12 degree variation in heat pattern vs. other competitors that have wide (up to 30 degrees) variation in heat “left to right”.
- Heating Element Reliability...APW Wyott’s roller grill has individually wired elements. If one element goes down, it does not affect the rest of the heating elements.

Typical Hot Dog Roller Grill Package

Whether you want a great hot dog program with a warm bun or a bun that came directly from the package, APW Wyott has the right roller grill package for your needs. Below is a quick reference guide to a typical operations equipment needs:

Warmed Bun with Hot Dog

- Hot Dog Roller Grill (120 or 208V)
- Roller Grill Sneeze Guard
- Bun Warmer Drawer (120 or 208V)
- Condiment Station

Buns from Package with Hot Dog

- Hot Dog Roller Grill (120 or 208V)
- Roller Grill Sneeze Guard
- Bun Cabinet
- Condiment Station

Racer Display Merchandisers

Your Choice for Countertop Display Merchandising!

Racer™ Countertop Display Merchandisers

DMXS-30H
Horizontal

New, great looking display merchandiser that keeps a variety of packaged foods hot...and provides fast and easy accessibility to the consumer. Available in one or two shelf versions, either in a flat shelf or slanted design. Racer Merchandisers keep wrapped product at NSF safe temperatures through a system of infrared overhead heat and a thermostatically controlled heated base. The Racer line is the most durable and sturdy merchandiser on the market...infrastructure and support is made of solid stainless steel. Unit will not sway from side to side or sag in the middle. Heated base is designed with special coated aluminum that transfers heat efficiently, plus allows boxes and wrapped products to smoothly slide down toward the front. Tempered glass end panels allow maximum visibility, while shatter resistant incandescent lights builds the overall presentation. **FOB Cheyenne**, freight class 125.

Multi-Well Hot Food Wells

Integrated Multiple Food Wells that "fit" your business

For Multiple hot food wells built in a modular configuration that can be easily installed in your operation, APW Wyatt is your leading choice. Whether you want one or six wells, equipped with drains, no drains, or our innovative "EZ-Fill" design, or built with a variety of electrical options...APW Wyatt's Multiple Food Well line has the version for you. High performance is designed into each unit...High Watt Heating Systems to generate the fastest startup time and recoveries, plus fully insulated boxes that focus all the energy toward the wells (and your product). All units are fully approved for electrical and food safety and are ready to install into your counter area.

Insulated Multiple Hot Food Wells

Fully insulated with recessed bezel. Infinite controls are standard except the HFW-1 has a thermostat. Thermostat is available on Multiple Wells, add \$54 per well. For 72" control conduit add \$52 per well. Single phase is standard, 3 phase is available, add \$28 per well. Model HFW-1 cannot be converted to 3 phase. All wells have 1 1/2" flange. For drain and manifold, add "D" to model number. Pans are removable. Models HFW-6 and HFW-6D are not CE listed. Models HFW-2, HFW-3, HFW-4, HFW-5 and HFW-6 cannot ship UPS. If shipping via air freight, dimensional weights apply. **FOB Dallas**, freight class 92 1/2.

Multi-Well Hot Food Wells

Insulated Multiple Hot Food Wells w/ Attached Controls & Plug

Heavy-duty top mount insulated rectangular drop-in food wells are designed for direct installation into metal or wood countertops by plugging the unit directly into an existing outlet. The control box is mounted directly to the bottom of the unit. Units are 12.71" high. Units shipped with drain are provided with stainless steel 1/2" NPT drain welded to the bottom of the pan and provided with a removable screen. If shipping via air freight, dimensional weights apply. **FOB Dallas**, freight class 92 1/2.

Dual Temp & Cold Wells

Cold/Hot Dual Temp Well

Single control switch for changing from hot to cold operation. Automatic water fill and high limit thermostat element protection is provided for hot operation. The positive-off thermostat controls the element allowing for adjustability and increased consistency of temperatures. Flexible 24" long conduit connects stainless steel control panel for optional counter mounting. Units are designed for installation into a wood or metal counter fixture. If shipping via air freight, dimensional weights apply.

C*Radiant™ Ceramic Overheads

Single C*Radiant™ Overhead Warmers

New C*Radiant™ (Ceramic) Overhead Warmers deliver greater heat intensity and efficient infrared radiant energy. High wattage version is superior for highly air conditioned passage-ways. Shipped with Side-Mounted Control Box (standard) or remote control box. For Remote, add "R" to the end of model number. Both options come standard with Pilot lights, rocker switch and mounting brackets. Specify 120V, 208V, or 240V. Models FDC-48H to 72H and FDC-54L to 72L available only in 208V and 240V. Single units are 6" wide and 2 1/2" high (Side mounted box adds 4 13/32" to width). See mounting instructions on pg 37. If shipping via air freight, dimensional weights apply. **FOB Dallas**, freight class 92 1/2.

Standard Holding Drawers

Ease*Extreme Digital Holding Drawers (Flip Down Front)

The Ease* Extreme Holding Drawers feature "easy access" control panels that are positioned at the top of the unit and a "flip down" drawer front that allows easy access to remove the interior pan. Ease* Extreme Drawers are designed with a tough Stainless Steel Construction and Heavy Duty Drawer Slide, making it one of the most durable in the industry. Drawer slides now feature the "Easy Roller" design that eliminates the problem of drawers jamming as you close them. The Ease* Extreme Holding Drawers have perimeter heating elements, thermostatic controls, and moisture control vents. Ease* Extreme are supplied with an easy to read digital control system that keeps the tightest control over interior temperatures. Cord and plug and 6 3/4" deep pan included. All models of HDX's cannot ship UPS. If shipping via air freight, dimensional weights apply. **FOB Dallas**, freight class 92 1/2.

Lowerator™ Dispensers

Trendline Mobile Adjustube II Lowerator™ Dispensers

Mobile Dish Dispenser utilizes Adjustube II self-leveling tubes that are field adjustable for weight and diameter. Open type design reduces overall weight load. Tubular frame is welded construction. Supplied with non-marking 4" hard rubber casters and rear brakes. 208/240V units are available. Units are 36-7/8" high. Electrical information is based on heated items only and is non-applicable to unheated items. Only heated items are CSA Certified and UL Listed. All models cannot ship UPS. If shipping via air freight, dimensional weights apply. **FOB Cheyenne**, freight class 92 1/2.

AUTHORIZED PARTS/SERVICE DISTRIBUTORS

Authorized distributors are responsible for providing parts and service for their assigned territories. Most have associate agents and branches strategically located throughout their territories. Upon calls for service, they will dispatch the appropriate agency to provide service. All APW Wyott Authorized Parts/Service Distributors use only factory supplied OEM parts and agree to perform service that meets the APW Wyott standards of service excellence.

Phone numbers are 24 hour — 7 day numbers unless a separate emergency number is designated.

IMPORTANT

When calling for service, be prepared to give the service agency the model number, serial number, type of gas and/or electrical characteristics, date of purchase, your name, business name, complete address, phone number, person to contact, and describe the problem as best you can.

If further assistance is required, call the APW Wyott 24 hour Service Hot Line which gives access to the nearest Authorized APW Wyott Parts/Service Distributor - call 1-800-733-2203.

A list of service agents can also be found on our website at www.apwwyott.com

Terms & Conditions

1. Quotations

Quotations submitted by Seller are good for acceptance only within sixty (60) days from date of quotation for shipments within six (6) months. For shipments beyond 6 months from date of quotation, add 1% per month for a maximum of an additional two (2) months. This escalator is a maximum. If the current price at time of shipment is lower, it will apply. Quotations will be submitted on request for delivery requirements up to eighteen (18) months. Prices quoted do not include any sales, use, excise, occupational or other similar tax. Delivery lead times contained within quotations shall date from receipt by Seller of all necessary engineering and manufacturing information, including approved drawings, if required by Buyer.

2. Acceptance/Minimum Order

\$1,500.00 Initial Order. All orders are subject to approval and acceptance by Seller. A written acknowledgment sent to Buyer of orders so approved shall constitute such acceptance by Seller. Seller may at any time alter or suspend credit, refuse shipment, or cancel unfilled orders when, in Seller's opinion, the financial condition of buyer or the status of his account warrants it, or when delivery is delayed by fault of Buyer or Buyer is delinquent in any payment. No order accepted by Seller will be subject to cancellation, termination, suspension, change, reduction, cutback or any other modifications except with Seller's prior written consent. Any such modifications may be subject to a charge as determined by Seller. THE MINIMUM ORDER IS \$100.00 NET PRICE (U.S. funds). Open account terms are extended to firms with established credit at APW Wyott Foodservice Equipment Company. If you wish to establish an open account, please call the APW Wyott Manufacturers' Representative in your area and request a credit application. If your initial order is urgent, include a cashier's check with your completed application and initial order. Your completed credit application will then be processed. Possession of APW Wyott Price List(s) does not constitute an offer to sell.

3. Standard Case

All merchandise is sold in case lots only. There will be a \$10.00 net additional charge for each broken case.

4. Same Day Service

We will accommodate requests for same day service on orders placed by 10:00 a.m.

5. Cancellation

Orders may be cancelled or deliveries deferred only upon the condition that the Buyer assumes immediate liability for and makes prompt payment to Seller of all expenses incurred, charges for commitments made by Seller, profit on work in process and contract value of items completed and ready for shipment. If the product is already in process of being produced or already made, the order cannot be cancelled.

6. Delivery

Shipment schedules are approximate only and are as accurate as present conditions permit. Seller assumes no responsibility or liability for failure or delay in making delivery or otherwise performing hereunder when such failure or delay is due to any cause beyond its control and without its fault or negligence. If for any reason Seller's supply of items ordered hereunder is caused to be limited, Seller shall have the right to prorate the supply in such manner as it, in its discretion, shall determine. Delivery to a common carrier shall constitute delivery to Buyer and all risk of loss or damage in transit shall be borne by Buyer. If, because of Buyer's inability to take delivery, the materials or equipment are not shipped, Seller may have them stored for Buyer at Buyer's expense, risk and account, and for all other purposes they shall be considered "shipped."

7. Partial Deliveries

Seller may make partial deliveries which Buyer shall accept and pay for at the prices acknowledged upon maturity of bills. If any part of the order is not in accordance with the order, the remaining part of the order and Buyer's obligation hereunder shall not be affected.

8. Packaging

All items sold hereunder shall be packed or crated and shipped in accordance with Seller's best judgement. Any special packing, crating, or shipping instructions of Buyer must be noted on Buyer's accordance with Seller's best judgement. Any special packing, crating, or shipping instructions of Buyer must be noted on Buyer's original order and acknowledged by Seller.

9. Inspection

Buyer shall inspect all items upon arrival and shall give written notice to seller within ten (10) days of arrival of any claim for shortage or non-conformance with the terms hereof. If Buyer shall fail to give such notice, all items shall be deemed to conform with, and Buyer shall be bound to accept and pay for all items in accordance with, the Terms hereof.

If damage has occurred, it should be noted on the freight bill and claim filed immediately with the carrier. Although APW Wyott takes special care to insure the safe arrival of your merchandise, our responsibility for damage ceases when shipment is accepted by the carrier. APW WYOTT CANNOT FILE THE FREIGHT DAMAGE CLAIM FOR THE BUYER.

10. Returns

APW Wyott has a Return Policy for Standard Stocking Products and a Policy for Non-Standard "Custom" Products requested by the Customer. Return Material Authorization (RMA) requests must be submitted within 90 days from date of invoice. In all cases, APW Wyott will refuse any returned goods that do not have prior APW Wyott approval and, therefore, do not bear an APW Wyott Return Material Authorization (RMA) number. This RMA number will remain valid for sixty (60) days. Goods returned after this sixty (60) day period will be refused. Approved returned goods must be shipped prepaid. An authorized APW Wyott Customer Service Representative will alert you as to the correct return address.

Approved Standard Stocking goods that are returned will be credited at invoice less 20% restocking charge and less outbound freight. Goods must be returned either in the original APW Wyott unopened box or returned unused and repacked in the original APW Wyott box using original APW Wyott packing materials.

Non Standard Custom goods are either Returnable (But with a 20% or \$50 minimum, whichever is higher, restocking charge to cover cost of re-work and parts) or NON-Returnable (Not convertible or sellable to other customers).

Catalog items which have been modified by addition of available options are returnable. (With a 50% restocking fee to cover cost of re-work and parts). Items that are eligible for return include Non Standard Food Wells, Calrod Overhead Warmers over 54", any Double or Lighted Overhead Warmer, any Radiant Black or Ceramic Overhead Warmer. Cancellation of order is not allowed 4-5 working days before the shipment due date. Customer will be subject to a 50% charge if the equipment has been produced.

NON-Returnable Goods (Not convertible or sellable to other customers) may not be returned or cancelled once the product is planned and parts have been acquired. In some cases, a non-refundable deposit will be required. Non Returnable Custom Products include but is not limited to all Mobile Lowerators and Rack Dispensers, any product with added decals or laminate, non standard or Oval Lowerator Tubes, and some Export Voltage Products.

11. Repairs, Alterations and Modifications

Any repairs made to products shipped by Seller shall be at the expense of the Buyer unless specifically authorized in writing by the Seller.

Alterations or modifications to the product involving welding, brazing, soldering, drilling or machining by the Buyer is not permitted or approved by the Seller without specific authorization in writing by the Seller. Any unauthorized alteration or modification by the Buyer or an unauthorized service representative will void the warranty immediately and will cause APW Wyott to be held harmless.

12. Patent Indemnity

Buyer shall protect and indemnify Seller and its directors, officers, agents and employees against all claims for damages or profits, including all reasonable costs incurred by Seller in connection therewith, arising from infringement of patents, copyrights, trademarks or misappropriation of designs, proprietary data or trade secrets of any person with respect to all goods manufactured either in whole or in part in accordance with Buyer's specifications.

13. Terms/Shipments

Terms are 1% - 10, net 30 days from date of invoice, F.O.B. Cheyenne, Wyoming, or F.O.B. Dallas, Texas, unless otherwise expressly stated in writing by Seller. Late charges of up to two percent (2%) per month plus costs of collection will be assessed on past due invoices.

Terms & Conditions

14. Taxes

Any taxes or other governmental charges upon production, sale and/or shipment of merchandise sold hereunder, now imposed by federal, state or municipal authorities, or hereafter becoming effective, including sales and use tax imposed as a result of buyer requesting shipment direct to its customer in another state, shall be added to the prices provided by APW Wyott and shall be paid by the Buyer. Buyer is responsible for providing to APW Wyott valid sales tax resale or exempt certificates for all states in which buyer is licensed.

15. Credits

Seller will only consider credits on which the claim has been initiated within twelve (12) months of the date of shipment.

16. General

- No items to be furnished hereunder shall be exported by Buyer or by any customer of Buyer unless Seller is first notified in writing of the intention to so export and all applicable regulations and licenses are complied with and obtained by Buyer or its customer.
- Seller reserves the right to make changes in design at any time without incurring any obligation to make such changes in any items previously purchased, whether or not delivered.
- Seller expressly disclaims application of any Government procurement regulations in connection with any items to be furnished hereunder unless expressly agreed to in writing by an authorized representative of Seller.
- Seller hereby certifies that the goods described herein of its manufacture will be produced in compliance with all applicable requirements of Sections 6, 7 and 12 of the Fair Labor Standards Act, as amended, and all orders of United States Department of Labor issued under Section 14 thereof. Seller further certifies that it is in compliance with the Equal Employment Opportunity clause in Section 202, paragraph 1 through 7 of Executive Order 11246, as amended, relative to equal employment opportunity and the implementing Rules and Regulations of the Office of Federal Contract Compliance.
- Seller is not responsible for typographical errors made in any of its publications or for stenographic or clerical errors made in preparation of quotations, sales orders, or acknowledgments. All such errors are subject to correction.
- This agreement shall be governed by the laws of the State of Texas.
- Seller's "Terms and Conditions" as set forth above shall govern this transaction and any inconsistent terms of Buyer wherever set forth and whether oral or written, shall not be binding upon Seller unless agreed to in writing by Seller. No waiver or exception to any of the hereinabove enumerated conditions or any of the special terms and provisions relating to these Terms and Conditions shall be binding upon Seller unless agreed to in writing by the Seller.

17. WARRANTY INFORMATION

APW Wyott Foodservice Equipment Company warrants its equipment against defects in materials and workmanship, subject to the following conditions:

This warranty applies to the original owner only and is not assignable.

Should any product fail to function in its intended manner under normal use within the limits defined in this warranty, at the option of APW Wyott such product will be repaired or replaced by APW Wyott or its Authorized Service Agency. APW Wyott will only be responsible for charges incurred or service performed by its Authorized Service Agencies. The use of other than APW Wyott Authorized Service Agencies will void this warranty and APW Wyott will not be responsible for such work or any charges associated with same. The closest APW Wyott Authorized Service Agency must be used.

This warranty covers products shipped into the 48 contiguous United States, Hawaii, metropolitan areas of Alaska and Canada. There will be no labor coverage for equipment located on any island not connected by roadway to the mainland.

TIME PERIOD:

All APW Wyott Equipment is warranted for one year parts and one year labor. Warranty is 18 months from ship date from factory or 12 months from date of install, whichever ever comes first. The Authorized Service Agency may, at their option, require proof of purchase. Parts replaced under this warranty are warranted for the unexpired portion of the original product warranty.

EXCEPTIONS:

- Gas/Electric Cookline — Models GCB, GCRB, GF, GGM, GGT, GHP-H, EF, EG, EHP — Three (3) Year Warranty on all component parts, except switches and thermostats. (2 additional years on parts only - no labor on second or third year.)
- Heat Strips — Models FD, FDL, FDD, FDDL — Two (2) Year Warranty on element only - no labor second year.
- Glass Windows, Doors, Seals, Rubber Seals, Light Bulbs, Broiler Briquettes — 90-Day Material Only - no labor.
- Rock grates, cooking grates, burner shields, and fire boxes - 90 day Material only - no labor.

In all cases, parts covered by extended warranty will be shipped FOB the factory after the first year.

PORTABLE CARRY-IN PRODUCTS

Equipment weighing over 70 lbs. or permanently installed will be serviced on-site as per the terms of this warranty. Equipment weighing 70 lbs. or under, and which is not permanently installed, i.e., with cord and plug, is considered portable and is subject to the following warranty handling limitations.

If portable equipment fails to operate in its intended manner on the first day of connection, or use, at APW Wyott's option or its Authorized Service Agency, it will be serviced on-site or replaced.

From day two through the conclusion of the warranty period, portable units must be taken to or sent prepaid to the APW Wyott Authorized Service Agency for in-warranty repairs. No mileage or travel charges are allowed on portable units after the first day of use. If the customer wants on-site service, they may receive same by paying the travel and mileage charges. Exceptions to this rule: (1) countertop warmers and cookers, which are covered under the Enhanced Warranty Program, and (2) toasters or rollergrills which have in-store service.

EXCLUSIONS:

The following conditions are not covered by warranty:

- Equipment failure relating to improper installation, improper utility connection or supply and problems due to ventilation.
- Equipment that has not been properly maintained, calibration of controls, adjustments, damage from improper cleaning and water damage to controls.
- Equipment that has not been used in an appropriate manner, or has been subject to misuse or misapplication, neglect, abuse, accident, alteration, negligence, damage during transit, delivery or installation, fire, flood, riot, or act of God.
- Equipment that has had the model number or serial number removed or altered.

If the equipment has been changed, altered, modified or repaired by other than an Authorized Service Agency during or after the warranty period, then the manufacturer shall not be liable for any damages to any person or to any property which may result from the use of the equipment thereafter.

This warranty does not cover services performed at overtime or premium labor rates. Should service be required at times which normally involve overtime or premium labor rates, the owner shall be charged for the difference between normal service rates and such premium rates. APW Wyott does not assume any liability for extended delays in replacing or repairing any items beyond its control.

In all cases, the use of other than APW Wyott authorized OEM replacement parts will void this warranty.

This equipment is intended for commercial use only. Warranty is void if equipment is installed in other than commercial application.

WATER QUALITY REQUIREMENTS

Water supply intended for a unit that has in excess of 3.0 grains of hardness per gallon (GPG) must be treated or softened before being used. Water containing over 3.0 GPG will decrease the efficiency and reduce the operating life of the unit.

Note: Product failure caused by liming or sediment buildup is not covered under warranty.

"THE FOREGOING WARRANTY IS IN LIEU OF ANY AND ALL OTHER WARRANTIES EXPRESSED OR IMPLIED INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSES AND CONSTITUTES THE ENTIRE LIABILITY OF APW WYOTT. IN NO EVENT DOES THE LIMITED WARRANTY EXTEND BEYOND THE TERMS STATED HEREIN."

Enhanced Warranty Program

For Equipment Covered By APW Wyott's "Enhanced Warranty" Program — If Within One Year From Date Of Purchase, This Unit Fails To Function, You Are Entitled To Your Choice Of 1, 2 or 3.

1. APW Wyott will replace the unit. When calling the factory, besides the above information, you will need Electrical Characteristics, voltage and phase; describe the problems the best you can. The factory will require a Visa or MasterCard number and expiration date of same to assure return and/or validity of condition. Upon validation of credit card information, factory will strive to ship a replacement unit the same day if call is received before 3 p.m. Central Time or the next day if later. The replacement unit will be shipped prepaid regular UPS or equivalent. If requested Next Day Air or Priority, shipment will be made at customer's expense. Upon receipt, it is the customer's responsibility to unpack the new unit, taking care to preserve the packaging. Repack the unit being replace-d in the same container using caution to pack properly and return this unit to the factory following the instructions supplied. Factory will supply return label and UPS call tag; both must be used. If original unit is returned within 30 days and is as represented, the credit card validation will be cancelled.

IMPORTANT: If factory does not receive the unit to be returned within 30 days, the unit will be billed to the credit card number supplied. If the returned unit is not as represented — i.e. out of warranty, customer abuse, then it will be billed to the credit card number supplied. In these cases, the person calling in the problem will be contacted and, if applicable, the returned unit, if charged for, will be returned to the original owner if requested.

2. You may take this unit to the APW Wyott Authorized Service Distributor. List of same is included with each product. If the problem is covered under warranty, the unit will be repaired at no cost to you. If the Authorized Agency cannot repair same within a reasonable time while you wait, it will be returned to you prepaid, via UPS.

3. You can request the Authorized Service Distributor to service the equipment on site. If problem is covered under the warranty, the parts and labor will be billed to the factory, while the mileage and travel time will be the responsibility of the owner.

On All Calls, You Will Need To Give The Following Information:

- | | |
|-------------------------------------|---|
| 1. Name and title of person calling | 6. Model Number (from serial plate) |
| 2. Phone number of person calling | 7. Serial Number (from serial plate) |
| 3. Business name | 8. Date purchased (if serial number indicates date of manufacture is over 13 months old, you will be asked to supply proof of purchase) |
| 4. Street address | 9. Purchased from |
| 5. City, State, Zip | |

For Shortage — Supply The Above Information And Fully Explain What Is Missing.

It will be sent immediately — prepaid via UPS or equivalent.

(Next Day Air or Priority shipments available at customer's expense)

24-Hour Service Hotline: 1-800-733-2203

This replacement warranty is only available on selected products shipped within the continental USA, Alaska, Hawaii and Canada.

As with most warranties, warranty is only valid to the original end-user/owner.

Instructions and procedures must be followed or the warranty is void.
